## HURT IN AN ACCIDENT

Truck Backed Into Car In  
Which Defendant  
Was SittingDOYLESTOWN, Oct. 20—After  
deliberating three hours following  
a three-day trial, a jury Thursday  
afternoon, before Judge Calvin S.  
Boyer, returned a verdict of  
\$8,851.34 in favor of Miss Mildred  
H. D. Lewis, 47, Ivy street, Warmin-  
ter, and against John N. Matthews,  
individually and trading as Garden-  
ville Farm Dairies, and Joseph  
Thomas.Miss Lewis, who testified she suffered  
a permanent injury to the  
lower portion of her spine on June  
9, 1945, when a milk truck driven by  
Joseph Thomas, backed into her  
parked car in front of a neighbor-  
hood store, made no comment on  
the verdict.The trial, which was of unusual  
interest since Miss Lewis had suffered  
a sprain while working in the  
Johnsville naval airplane plant  
earlier and the defense counsel,  
Thomas Ross, used as his defense  
the argument that her present con-  
dition was due partially to injuries  
suffered at that time, was hard-  
fought since the plaintiff originally  
sued for \$25,180.The plaintiff, who appeared in  
court using a cane and limping,  
rested heavily on her cane as the  
jury returned a verdict.Counsel for the defendant, who  
has four days in which to file an  
appeal from the verdict, and give  
reasons for a new trial, gave no  
indication what action the defend-  
ant may take.Several times during the trial  
while her counsel, Charles H. Er-  
mentrout, was outlining details of  
her present condition, the plaintiff  
broke down and wept. Mrs. Gar-  
retson, a court tipstaff, had to con-  
sole her while Mr. Ermentrout was  
addressing the jury.Wm. H. Brannigan Dies;  
Was Ill Only Four DaysIll but four days, William H.  
Brannigan, of Madison street, died  
in St. John's Hospital, Long Island  
City, N. Y., Saturday afternoon. Mr.  
Brannigan, who was 60 years of  
age, had suffered a cerebral hemor-  
rhage on Tuesday while at his  
employment, and was removed at  
once to the hospital.A resident here for 44 years, he  
had been employed by the Pennsylv-

of organizations with which Mr.  
Brannigan was affiliated, are in-  
vited to attend the service; also to  
call Tuesday evening.

## Left Her Baby

ARRESTED in a Boston rooming  
house, Jean Florence Kirch (above),  
22, of Plainfield, N. J., is said by po-  
lice to have admitted abandoning  
her six-day-old baby girl in a hotel  
room there after she had tried to  
bear it in secret. The girl's father,  
George Kirch, posted bond of \$1,000  
declaring "I'd like to take her and

## GLEANED BY SCRIBES

Two drivers of semi-trailer  
trucks, alleged to have exceeded  
the speed limits, were fined \$19 and  
costs each at hearings before Jus-  
tice of the Peace William Wrigley,  
at Edison on Thursday.The men arrested are Wilden  
Burns, Phillipsburg, N. J., and  
Thomas E. Honn, Indianapolis, Ind.  
According to Trooper J. R. Har-  
ris, of the Doylestown barracks of  
the State Police the drivers were  
speeding at the point on Route 611,  
where one person was instantly  
killed and two others fatally in-  
jured in an accident Saturday night.The one driver is said to have  
been driving at a speed of 55 miles  
an hour and the other at 50 miles.  
The speed limit for the type ve-  
hicles they were operating is 30  
miles an hour.The American Home Committee  
of the Langhorne Sorosis is spon-  
soring the filling of Christmas  
stockings for the young children in

## Still The Favorite

Washington, Oct. 20  
IN the three months since Con-  
gress adjourned there have been  
certain developments in the Repub-  
lican situation so far as the presi-  
dential nomination is concerned,  
but none that have materially  
changed the prospect. Many things  
can transpire in the eight months  
before the convention meets. Never-  
theless, nine times out of ten it is  
the expected that happens in poli-  
tics.UPSETS occur and dark horses  
have been known to win, but these  
are merely the exceptions that  
prove the rule. Therefore, those  
who understand these basic facts  
regard Governor Dewey of New  
York as the leading and most likely

## COUNTIES ARE LISTED

The Pennsylvania Department of  
Highways is making an intensive  
effort to increase its maintenance  
and construction activities to catch  
up with wartime heavy traffic rav-  
ages and neglect due to material  
and labor shortages during the war  
years. Many inadequate bridges are  
being replaced and many miles of  
roads are being constructed, re-  
paired and resurfaced.Pennsylvania has the largest  
Highway System in the United  
States. The mileage of the System  
has been increased until it now  
comprises 40,800 miles of former  
township and county roads, borough  
and city streets. It is three times  
as large as New York with 14,988  
miles and nine times as large as  
Maryland's 4,490 mile system. The  
Pennsylvania State Highway Sys-  
tem is larger than the combined  
mileage of the following ten States:  
Maine, 3,014; New Hampshire, 3,749;  
Vermont, 1,808; Massachusetts, 1,965;  
Connecticut, 2,888; Rhode Island,  
1,248; New York, 14,988; New Jer-  
sey, 17,116; Delaware, 3,899; and  
Maryland, 4,490.During the current 1947 construc-  
tion season, a number of projects  
have been completed in this south-  
eastern district which includes  
Bucks, Delaware, Chester, Mont-  
gomery and Philadelphia counties.  
In Bucks County a section of  
Route 150 (Traffic Route 13) was  
relocated to provide for the by-  
passing for the Borough of Bristol  
for through traffic.Also in Bucks County a section  
of road extending from Dublin  
Borough 17 miles southwardly to  
the Hilltown-Blooming Glen Road  
has recently been completed. The  
former unimproved road has been  
entirely regraded and has been pro-  
vided with a sixteen foot wide pav-  
ement consisting of a 2" depth bitu-  
minous penetrated surface on an  
8" crushed stone base. During the  
construction of this road an old  
masonry arch, which was construct-  
ed in 1872, was entirely repaired  
and restored to good condition.A three span concrete bridge is  
being constructed over the Neshaun-  
ing Creek on Traffic Route 202 in  
Chalfont Borough. This bridge with  
its 1200 foot long concrete abut-  
ments.

## THE COMING ELECTION

Under Pennsylvania law, elections are separated into two  
groups. In the even numbered years come the campaigns for  
State and National office-holders. The odd-numbered years,  
such as this, are set aside for the election of the lesser officials—  
those in counties, cities, boroughs and townships.This separation was deliberate and wise. The issues involved  
in naming Presidents, Governors, members of the State Legis-  
lature and of Congress, are entirely different from those having  
to do with local affairs.In the larger elections, the broad policies of government are  
at stake. In the local election, the big question is the efficient  
and business-like operation of public services in the community.On November 4 in Bucks County, a great number of county  
and local officials are to be chosen. A new County Commission,  
to consist of two majority and one minority party members, will  
be elected to supervise much of the County's business. There  
are to be named also a Register of Wills, a County Treasurer, a  
Clerk of Orphans Court, a Clerk of Quarter Sessions Court, a  
Coroner and a County Surveyor.All Bucks County voters will find the names of the candi-  
dates for these offices on the ballot they receive November 4.On the ballots also will be a variety of borough and township  
offices, with the local candidates for each.There is only one state office to be filled this year. This is  
in the Pennsylvania Superior Court, where a vacancy arose.The fact that these local offices are small and unimportant  
by comparison with a President or Governor does not mean that  
the election itself is unimportant.The comfort and peace of mind of every resident of this  
community is dependent upon the efficiency with which county  
and local affairs are conducted. The economy with which these  
offices are run has a great deal to do with the total amount of  
taxes we are called upon to pay.The control of local affairs by the voters, through the elec-  
tion of their own choice of public officials for this duty, is a form  
of free government that has come to be an almost exclusively  
American privilege.

SELLERSVILLE, Oct. 20—Charg-  
ed with a flagrant violation of the  
Pennsylvania State game laws, Wal-  
ter Lubaczewski, 33, of East Rock-  
hill township, has been sentenced  
to the Bucks County Prison for 165  
days by Justice of the Peace Paul  
H. Stunley, of Sellersville.Game Protector Earl Carpenter,  
of Doylestown, and Edwin Flexer,  
deputy game protector, of Sellers-  
ville, arrested Lubaczewski at his  
home near the Rockhill quarries  
while the accused was in the act of  
skinning a raccoon.The officers also found unlaw-  
fully in his possession, three  
skunks, four raccoons, two squir-  
rels and one rabbit, all dead.When Constable Russell Ulmer  
took Lubaczewski into custody to  
bring him to the Bucks County  
Prison, after the hearing, he first  
took his prisoner back to his home  
to lock up. There, Constable Flexer  
saw a wild, live fox running about  
the inside of the Lubaczewski  
house. The constable returned to  
the East Rockhill house to release  
or catch the fox.Lubaczewski has been living  
alone at the East Rockhill address.  
He does not work. His wife is an  
institution inmate. At the hearing  
Lubaczewski was raving mad, but  
said nothing in answer to Justice  
Stunley's questions.At the Bucks County Prison  
Lubaczewski told a guard that he  
operated at least 72 traps in the  
Haycock Mountain section.Mrs. John Shaffer Dies

audience. A typical Hollywood  
atmosphere was provided by means  
of "palm trees" on the stage (these  
being branches with cardboard  
hands for the "palms").The winning good neighbor letter  
was read by "Tom" and prizes of a  
pottery vase and a basket of fruit  
were awarded to Mrs. Fred Veigel,  
of Croydon, as "the good neighbor"  
of the week. She was nominated by  
Mrs. Alice Sheetz, who was reward-

## SEVERAL PARTICIPATE

A demonstration in first aid and  
artificial resuscitation was held  
Saturday evening at Silver Lake  
under the sponsorship of the Lower  
Bucks County Marine Association.  
Eight units participated, and  
lighting for the affair was supplied  
from floodlights of the various  
units.In the first exhibition "victims"  
were placed on the bath street side  
of the lake. Boats were put in the  
water, and rowed over to where the  
"victims" were. They were placed  
in the boats, and given artificial res-  
piration during the return trip.  
Upon returning to the starting  
point, the "victims" were given  
further treatment.The second exhibition was a two-  
man crew boat race in which boats  
left the Bristol side of the lake,  
rowed to the opposite shore where  
the crews left the boats to touch  
the shore, then returned to the  
boats and rowed back to the start-  
ing point. Winner of this event was  
the Bristol Blood Donors.Participating units were: Croy-

## Notice to Advertisers

Due to changed conditions in  
the publication of a daily news-  
paper the Courier finds it abso-  
lutely necessary to set an ad-  
vertising "dead-line" and here-  
after reserves the right to reject  
advertising copy received later  
than seven days previous to the  
date of publication.This means that copy for ad-  
vertising to be inserted in the  
Thursday issue of the Courier  
must be in the Courier office not  
later than noon of the Thursday  
previous to publication.The Courier may also find it  
necessary to reject copy ordered  
for a certain day due to a short-  
age of newsprint. The supply  
of newsprint which the Courier  
has on hand sometimes does not  
warrant accepting copy for a  
certain date as it might on that  
date make necessary the print-  
ing of a paper of more pages  
than the stock of newsprint on  
hand warrants.We trust our advertisers will  
co-operate with us and they can  
rest assured that the Courier  
will do all that is possible. But  
we do not want advertisers to  
feel discriminated against if it  
is found necessary to reject  
copy for the date ordered.LOCAL WEATHER

### ROBOT ERROR

Outside loops can be unpleasant maneuvers. The centrifugal force can make your eyeballs push out against the glass in your goggles, and the blood rushes to your head in a dangerous throb. This did not happen to the passengers in that airliner which flipped over in flight the other day, because they were not strapped to their seats, but the experience was startling nevertheless.

On the same day that this incident occurred, an Air Force robot plane completed a "no-hands" round-trip flight across the Atlantic and back. There is a common ground which links these stories together: Both planes were equipped with a gyroscopically-controlled automatic pilot. The "Iron Mike" carried 14 Air Force men across the sea and back without incident, but it apparently went off the beam and at least contributed to the midair flip-over of the airline plane.

This is a reminder that robot equipment, although probably far less fallible than the human machine, still has not attained a state of perfection. Indeed, it was only the superb skill and presence of mind of the pilot that averted disaster.

But contemplate, for instance, what might happen in war if a flight of robot bombers, destined for an enemy target, suddenly reversed course through some mechanical failure.

### GOING ASHORE

Chester William Nimitz was jumped over 28 senior admirals when he was named commander-in-chief of the Pacific Fleet shortly after Pearl Harbor.

How well he and the team he developed discharged that responsibility is implicit in his words to Congress four years later: "Japan, a maritime nation dependent on food and materials from overseas, was stripped of her seapower."

Between those two events lies the climax of a career covering 42 years of service in the Navy. Now Fleet Admiral Nimitz is ready to retire.

His way was not the dramatic command of a fighting ship in war, but rather the realm of broad strategy which swept the mounting U. S. naval power across the vast Pacific until it engulfed the very homeland of the enemy.

When he hauls down his personal flag as chief of naval operations, an official three-flag hoist should replace it. To the fleet it would mean: "Well done."

## ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette issue dated at Bristol Jan. 28, 1897. The Gazette, a weekly newspaper published in Bristol, was discontinued following its merger with the Courier.

Mr. Charles R. Thompson and Miss Annie T. King were united in marriage at high noon on Tuesday at the residence of the bride on Penn street. The ceremony was performed by Rev. E. A. Root.

Charles York, a retired contractor and builder, died suddenly at his residence yesterday afternoon of heart disease. Mr. York was in his 81st year. He was born in London, England, and had been a resident of Bristol for nearly 30 years. He was a prominent member of the M. E. Church, having been a trustee for many years. The funeral will take place next Saturday, the interment being in the Methodist Churchyard.

J. Albert Stackhouse, who is with H. H. Headley, and Joseph P. Keim, passed a successful examination of the State Board of Pharmacy and are now registered pharmacists.

W. C. Peirce has rented the portion of his coal yard not occupied by lumber, etc., to Forsythe & Fitzgerald, where they will carry on the coal business.

The Bristol Republican executive committee as chosen at the primaries on last Friday evening is composed of the following members:

First ward—Anthony K. Joyce, E. W. Minster, Charles Appleton.  
Second ward—Thomas R. Vandergift, George W. Wright, A. Lincoln Watt.

Third ward—William Londerbough, William L. Joyce, Samuel Milnor.

Fourth ward—Robert Pearson, Elwood McDonald, Frank Moss.

Willie Jarvis, son of Captain Nelson Jarvis, while skating on the river Tuesday afternoon at about half past five, had a very narrow escape from drowning. He broke through the thin ice in front of A. J. Hibbs' pier. Mr. Hibbs' luckily was looking out the window at the river and saw him go down. He immediately rushed out of the house calling for assistance and it was not long before a rope and a plank were thrown out to the boy who managed to wrap the rope around his body so that the people on the shore could pull him in. He was then taken into Mr. Hibbs' house where he stayed until sufficiently recovered to go home. He was in the water very nearly 15 minutes. There were no persons on the river within a half mile of where the boy went down and if it had not been for Mr. Hibbs' timely appearance at the window it would probably never have been known what had become of the boy.

## The Coming Election

Continued from Page One

It is one phase of "home rule." In nearly all other countries, the local administrators are picked for political motives in far-off national capitals. The local officers cease to be public servants in any sense of the word. The responsibility they feel is to their distant superiors—not to the people of the community. Too often they receive the local appointments as patronage reward for off-color favors.

Local home rule of the type represented in the coming election is not only an important form of free government, but it is one of the best known guarantees of good government.

All earnest-minded citizens of Bucks County, who have their own and their community's interests at heart, ought to plan now to go to the polls on November 4 and cast their ballots.

The county government and most of the lesser units, the boroughs and townships, have been run by Republicans for years. They have been well run. Few other communities such as Bucks County can boast of as efficient operation of the public services, or of a most business-like and economical handling of the public's money.

The simple way to keep up these standards is to vote to continue the successful party in office.

When you mark your ballot, cast a vote for every Republican candidate in the county and your locality by putting an "X" in the square which follows the word Republican in heavy type, thus:

REPUBLICAN

will roll up the map as he contends. It is tougher to unscramble than to scramble. No doubt his suit is really designed to highlight the mistake he thinks we made in inviting, or insisting, that the United Nations include Mr. Vishinsky, make their home with us.

On that point, he will have support. Why we abandoned the magnificent buildings that formerly housed the League of Nations in Geneva, Switzerland, will always remain "a mystery surrounded with an enigma," as Churchill once said on another occasion. Probably some of our guests thought that as the host nation we would be more generous.

However, real attention is being given to using Geneva again as a public hall for all the talking to be done. The other day, six speakers in the United Nations Assembly, including representatives from Sweden and France, urged that a survey start at once to ascertain the cost of holding a session in Geneva. Mr. Rene Mayer of France said it was "no mistake of France" that the United Nations is now housed in the most expensive city in the world (expensive to us, anyway). The New York Times reports that "it was learned that at least one

great power had considered proposing to move the entire United Nations permanently to the former League of Nations site in Geneva."

Well, that would please me, as one of 140,000,000 Americans. Years ago, I read this statement of Josef Stalin: "Words must have no relation to actions... otherwise what kind of diplomacy is it? Sincere diplomacy is no more possible than dry water or wooden iron."

Having learned long ago to keep my powder dry when appraising the beautiful words of peace-loving diplomats, I never got "all het up" over the lovely idea of inviting the Communists into our homes and furnishing them with a sounding board for their propaganda. But not expecting my devoted fellow countrymen to be so canny as to insist on Geneva, I once wrote a column suggesting as an alternative to New York City, the charming and lovely village of Santa Claus, Spencer Co., Ind., as an appropriate home for our guests. I even suggested that this had the tremendous advantage of being almost next door to Fort Knox, Kentucky, where all our

gold is buried! Well, I lost out on Santa Claus. So I'm boosting Geneva again. I think that would be a lot better place for Vishinsky to speak. He wouldn't have to travel nearly so far, for one thing, and we couldn't hear him nearly so well. This would have a lot of advantages.

But, seriously, isn't it becoming plain to all of us that after all the One World idea was nothing but an iridescent dream? It took into consideration everything except the announced purpose, announced time and again, of an unending struggle between Communism and freedom for the future of the world. Now that our glib hopes in Communist good faith have been dashed to the ground, may it not be wiser to ask Stalin and his stooges to withdraw behind their iron curtain and let the rest of the United Nations go it alone?

Well, we can't be serious all the time. So I call attention to the boys at Rensselaer Polytechnic Institute who urge all male collegians to refuse to shave if the girls persist in wearing long skirts! It's a noble effort, men, but you won't win, even by a whisker! The short skirt had a high old time, but time marches down.

## FLEETWINGESTATES

Mrs. Ida Raudenbusch, Philadelphia, is spending several days with Mr. and Mrs. George Kemmerer, her daughter and son-in-law, here.

On Saturday, Mr. and Mrs. Ralph Ritter, Danville, arrived to spend a week with their son and daughter-in-law, Mr. and Mrs. James Ritter. Mrs. William Dahl recently attended a bridal shower for her son's fiancée, Miss Edna May Huff, at Miss Huff's home in Philadelphia, at which 60 guests were present. Miss Huff and Arthur Dahl have set the wedding date as October 25.

Sunday's "Neighborhood Sing" was held at the home of William R. Patterson; the sixteen present were served cider and home-made doughnuts.

### WASN'T FUZZY WUZZY

HARRISBURG, Ill.—(INS)—At a recent session, the "kangaroo court" in Harrisburg fined three men a total of \$60 for failing to comply with an agreement to grow boards for the Saline County Centennial. Furniture Dealer Lee Parker, fined \$20, defended himself with the charge that whiskers are "unsanitary and unsightly." Leroy Barham, local automobile dealer, was fined \$25 while Charlie Walker, who runs a cleaning and pressing shop, was fined \$15. The centennial will be held in Harrisburg three days beginning Oct. 23.

## Deafened People May Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or earment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it your self to suit your hearing as your hearing changes. The makers of Bel-tone, Dept. 6, 1450 West 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Bel-tone today. (Advertisement)

## Highway Department Increases Activity

Continued from Page One  
proaches will be completed in December and will eliminate a major traffic hazard on this heavily traveled route.

In Bucks County, between Rushland and Jamison, another bridge is being constructed over the Neshaminy Creek to replace an old inadequate bridge. The new structure will consist of five concrete spans and the approaches will be built with a crushed stone base and a bituminous surface.

Two sections of the Lincoln Highway in Bucks County are being reconditioned and resurfaced. Work on a section of the old highway between the Philadelphia City Line and Jamney is underway. The present concrete pavement is being repaired, additional drainage structures are being installed and an

entire new surface will be added. That portion of the highway from Janney to South Langhorne will be reconditioned by repairing the two concrete lanes and by replacing the bituminous surface on the 20 foot wide center lane. The overall length of this project is four miles. This project will not be completed this year. Work is being scheduled in such a way that operations can be suspended and the detour removed over the winter months. All work will be completed early in 1948.

Another Bucks County project which will be completed this year is located on that section of road from Trevose to Stiles in Lower Southampton Township, a distance of 1.4 miles. This work consists of grading, drainage and the construction of an 8" crushed stone base with a bituminous surface.

Bridge Repairs Throughout District  
One of the outstanding contracts in the District covers repairs to major bridge structures by the Pressure Grout Method. This is the largest contract of this kind ever awarded by the Department.

The pressure grout method used in these repairs replaces the disintegrated and damaged portions of the bridge structure with a sand cement mortar shot into the damaged portions of the walls under fifty pounds per square inch pressure, which insures a homogeneous voidless mass of concrete that becomes an integral part of the original structure. Twenty-eight bridges have either been repaired or are being repaired by this work.

Contracts are also underway covering the resurfacing, construction of gutters and installing additional drains on more than fifty bridges in the District. Another contract provides for the installation of new steel grid flooring on three bridges in Chester and Delaware Counties.

In addition to these bridge repair contracts, work is nearing completion on six contracts covering the cleaning and painting of fifty steel bridges located throughout the district.

Maintenance forces are busy in all counties of the district sealing road surfaces and making preparations for the winter months during which time the constant freezing and thawing action causes great damage to unsealed road surfaces. In the performance of this work more than 425 miles of roads will be surface treated in this district

## Lands in Atlantic

SHOWN AT the controls of the Boeing flying boat NC-18612 which made a forced landing in rough north Atlantic seas with 62 passengers aboard is Capt. Charles Sisto, 33, New York, former U. S. Navy pilot. The giant plane ran out of gas en route from Ireland to Newfoundland. (International)

alone. Approximately one and one-half million gallons of asphaltic oils and tars and 75,000 tons of stone chips will be used.

The present improvement program of the Department of Highways may be summarized briefly as follows:

1. Increased maintenance operations to restore the integrity of overworked and overstressed pavement and appurtenance facilities.

2. Resurfacing and widening of existing pavements where such treatment is adequate to meet the traffic potentials.

3. Reconstruction and modernization of existing primary highway system so that it will accommodate existing and future traffic requirements.

4. Construction and reconstruction of traffic arteries in, into and adjacent to our urban and metro-

politan centers of population, where traffic bottlenecks prove definitely the need for such additional facilities.

5. Construction of highways on the rural highway system to provide improved highways between the farm and main highway. This will guarantee adequate access to the church, school, railroad, creamery, market and places of social and economic gatherings.

It will be the Department's primary duty to carry forward this program to the best of its ability with the funds available. This program will be as widespread as possible, consistent with the urgency and needs of the respective communities.

## "FENNA, DUTCH" ONE OF MOST DISTINCTIVE OF REGIONAL COOKING

By Flora-May Sagul  
(Home Economics Representative)

One of the most distinctive styles of regional cooking in America is that of the Pennsylvania Dutch.

Early Dutch homemakers used a great deal of ingenuity in adapting their traditional recipes to the simple foods they could produce on their farms. The old custom of serving seven sweets and seven sourd offered variety and flavor contrast. It also offered an opportunity for homemakers to show their skill in pickling and preserving.

Some of the most famous Pennsylvania Dutch recipes are the ones for various kinds of pies. Shoo-fly pie, molasses crumb pie, Dutch cheese cake, green tomato pie, molasses coconut pie, lemon sponge pie, apple tart, and a host of others for man's impressive list of recipes prized today for their excellence.

Many of you no doubt have often been eager to try something new in the way of food cookery. Two recipes that are typical of the Pennsylvania Dutch style of cooking, yet simple and easily adapted to our present day living are kraut and chops and pepper cabbage.

Kraut and Chops—Brown 8 large pork chops in their own fat in a hot skillet. Cover with 1 quart of sauerkraut; add 1/4 cup of water. Cover with a tight fitting lid, and

## Yes, I'm Guilty!

Folks sometimes criticize us small-town editors for the way we often play up "little things" ahead of big . . . human, local news in place of world events.

I can't deny it. Read the *Clarion* and you'll learn about the Martins' golden wedding anniversary . . . about the community sing down by the river . . . the husking bee at Sober Hoskins', where neighbors helped husk the corn, and later drank sparkling beer together.

"Little things?" Maybe. But from where I sit, they add up to the

bigger things we call America: The friendliness of small towns . . . the helping hand . . . the respect for one another's rights. And above all the love of fellowship and freedom—whether it's freedom to speak one's mind or choose between a glass of beer or buttermilk.

I figure that if everybody looks after the "little things," maybe the bigger things will take care of themselves.

# TRY THE RIDE YOU HAVE NEVER KNOWN!

YOU ARE INVITED TO DRIVE AMERICA'S LARGEST-SELLING FINE CAR—

## THE FRAZER MANHATTAN

Truly Luxurious Transportation  
at a Price You Can Afford to Pay

If you are in the market for a fine postwar car, drive the Frazer Manhattan before you buy! Try the ride you have never known! You owe it to yourself to learn what this great car delivers—in beauty, in comfort, and in smooth, superabundant power—before you invest your money.

In the six months since the Frazer Manhattan was announced last March, tens of thousands of men and women have become proud owners of these newest of fine cars. These people were used to quality automobiles, for among the cars they turned in was every leading American make—and several world-famous foreign models. That these new owners like the Frazer Manhattan

is best indicated by the way they send their friends to Kaiser-Frazer dealers! Nearly every Frazer Manhattan sale made is the result of an owner's recommendation!

The Frazer Manhattan is today America's largest-selling fine car. Willow Run has never yet been able to make enough of them to take care of the public demand—despite the fact that production has been increased more than 500% since the car was announced! The reasons go beyond price. They include medal-winning beauty, fully postwar engineering, extraordinary economy of operation, and above all, motor car value! Here, indeed is luxurious transportation at a price you can really afford to pay!

YET it is the only way it can be done. Certainly the convention is not going to be stamped for by General or anyone else. The galleries something, go crazy but no one ever heard of a convention doing so. Delegates do not stampede. They wait until the deals are made and the word comes down the line. Adding all this up, the most experienced politicians, Democrats as well as Republicans, continue to believe Governor Dewey will be the nominee. Some of these do not want him. Some are tied up with other aspirants. Some will not vote for him. Some hope the unexpected, but always possible, but

## Miss Josephine Markel Is Bride of Wm. H. Goodspeed

Attended by her sister, Miss Josephine T. Markel, of 205 Taylor street, on Saturday afternoon became the bride of Mr. William H. Goodspeed, son of Mr. and Mrs. Melvin Goodspeed, Washington, D. C. The ceremony took place in the rectory of St. Mark's R. C. Church at three o'clock, with the Rev. E. Paul Baird officiating.

The bride, daughter of Mr. and Mrs. Walter Markel, was given in marriage by her father. She was attractively costumed in a floor-length model of white crepe, with trim of bugle beads. The gown featured cocktail sleeves and a full-gathered skirt. Her three-quarter length veil of illusion, was held by an orange blossom headpiece. Slippers were of white satin and she carried a bouquet of white pom-poms and baby breath, with a yellow orchid at the center.

The maid of honor, Miss Emily Markel, Taylor street, was becomingly costumed in light blue, the floor-length gown being patterned like that worn by the bride. On her hair she wore a wreath of yellow pom-poms, and the bouquet she carried was composed of the same color flowers, together with baby breath. Slippers were of silver tone. Mr. Edward Healy, of Washington, attended Mr. Goodspeed as best man.

For the ceremony Mrs. Markel selected a brown dress and accessories, and corsage of white roses. Choice of Mrs. Goodspeed, mother of the bridegroom, was a dress of green satin, brown accessories, and corsage of yellow roses.

Seventy-five guests were received at the Markel home following the wedding. Leaving for a two weeks journey by automobile to Maine, Mrs. Goodspeed was attired in a blue suit, brown felt hat, brown lizard slippers, pink scarf, and carried a brown lizard bag. She wore the yellow orchid from her bridal bouquet.

The bride is a graduate of Bristol high school, and of Wilfred Academy of Beauty Culture, Philadelphia. The bridegroom is a graduate of a Washington high school. The couple will make their home at Wildwood, N. J.

To the maid of honor, the bride gave a pin and earring set, while Mr. Goodspeed presented the best man with a maracas tie clasp.

Text: Psalm 79:9—"Help us, O God of Thy name; deliver us, and purge away our sins, for Thy name's sake."

O God, we thank Thee for the forgiveness of sins which Thou hast made possible for us through the shed Blood of Thy dear Son, the Lord Jesus Christ. We rejoice that we may enter into the holiest by the Blood of Jesus. Grant unto us the moral courage to face the fact of our sins and to turn to Thee in honest confession that Thou mightest deliver us, and purge away our sins. We pray in Jesus' holy Name. Amen.

GOODWILL TEAM  
CHALKS UP FIRST  
WIN OF SEASON

Scoring on all types of plays, the Goodwill Hose eleven chalked up their first win of the season yesterday afternoon, walloping the York A. C., 45-0, on the Third Ward field.

The fire-fighters scored their seven touchdowns on passes, interceptions, line plays, end runs, and even a blocked kick. On the three good conversions, the hosemen scored on passes and line plays and did not attempt a placement kick.

"Ed" Cliver and Jack Coyne scored a pair of touchdowns each for the Third Warders. Coyne scored both of his in the final period on a short pass and the second on a blocked kick which he picked up on the 25 to score behind wonderful interference.

One of Cliver's touchdowns was a 55-yard run after a pass interception and the other was the result of a blocked kick by Joe Iannucci which rolled to the 15 where Cliver picked up the ball and took to the sidelines to score. Cliver's 55-yard jog for the score was the longest run of the afternoon.

"Kenny" Mang had a touchdown to his credit, he getting in front of a pass on York's 25 to score without interruption. The touchdown scored by Elmer Davis was on a three-yard

plunge after another blocked kick by Iannucci and Singer and Duffy alternated in carrying the pigskin to the three.

"Jim" Ellis registered his six-pointer via the ozone with Joe Elmer doing the tossing. Prior to the score, Elmer had intercepted a pass and ran 42 yards to the 8-yard mark.

Extra points were scored by "Tucker" Gross and "Ed" Harms on passes and Joe Singer on a line buck.

The Goodwill line played a fine defensive game, blocking several kicks and tossing the York backs for more losses than they made gains. The largest gain made by York was an 8-yard line plunge by acquire in the first quarter.

The visiting team had but one run down to its credit. That took place in the first period when Lally tossed an aerial to Miller which was good for 15 yards.

The fire-eaters will play at home again next Sunday, meeting the strong Broad Street Park team, of Trenton.

**MORRISVILLE WINS  
OVER BENSALEM  
BY SCORE OF 19 TO 6**

CORNWELLS HEIGHTS, Oct. 20.—Morrisville High's offense was in high gear here Saturday afternoon as the Bulldogs scored sixteen first downs to defeat the Bensalem Owls, 19-6, in a Lower Bucks County League game.

While the Bulldogs' backs were racking up the first downs, the Morrisville line held the Owls to three first downs, one in the first half and two in the second half.

The winners also exhibited a strong passing attack as they completed nine out of seventeen passes, one of which was a touchdown aerial. Bensalem tossed nine passes, three of which were completed.

One of the Owls' passes was thrown by Frank Cantwell on his 27-yard line and caught by "Whitey" Bristow on the 49. Bristow ran the remaining distance to score the touchdown which gave Bensalem a 6-0 lead at half-time as Oliver missed the extra point. The pass play, Bensalem's first score of the season, was good for 73 yards.

The Morrisville offense began to click after the six-pointer and they worked the ball from their 39 to the Bensalem one-yard line. Here the

Owls put up a gallant stand and held for downs.

The Bulldogs tied the score in the third session when "Charlie" Johnson heaved a pass to Fred Raccosta. The latter scored unmolested as a horn sounded on the play and the Bensalem players did not give chase. However, the penalty was on Bensalem and the Morrisville score counted as Mott missed the try for the extra point.

The visitors took the lead in the fourth quarter on straight football with Johnson and Felver leading the attack. Johnson carried the ball over from the two-yard line and "Johnny" Walsh scored the extra point on a line play.

With Felver and Walsh alternating on the ball-carrying job, the Morrisville line opened up large holes so that the backs carried the ball from their own 40 to across the final goal line stripe for the third touchdown with Johnson again doing the scoring.
